**Malcolm 'Mac' Wall** is Executive Director for Kentucky Educational Television, our state-wide educational television network, licensed to the Commonwealth of Kentucky. The Kentucky Network is responsible for a complete range of educational services, and brings to the Commonwealth public affairs and arts programming by, for and about Kentucky and Kentuckians.

Prior to KET, Wall held the position of Executive Director of Oklahoma Educational

Television Authority, and has worked in Mississippi, Louisiana, South Carolina, and Florida. Wall has over 38 years of public broadcasting experience and has served on numerous civic, community, statewide, and national industry associations.

He is presently on the boards of Bluegrass State Games, Leadership Kentucky, Partnership for Successful Schools, and Center for Rural Development. He also served on the Cradle to College Commission and Vision 2015 Planning Northern Kentucky's Future.

Mac is a member of the Rotary Club of Lexington with over 18 years of perfect attendance. He has held the offices of President, President Elect, Secretary, Director-International, Community and Vocational Service, and District Community Services Director. While in Oklahoma, he received the Rotarian of the Year, Newcomer of the Year, Hal McNutt Award, District 5960 Governor's Award. He is a sustaining member and a multiple Paul Harris Fellow.

**New action group tackles growing diabetes problem**

**By Ryan Hyland** – from *www.rotary.org*

The RI Board of Directors has approved a new Rotarian Action Group to help fight the growing epidemic of diabetes.

According to the International Diabetes Federation (IDF), there are currently 246 million cases of the disease worldwide, with a projected 380 million cases by 2025. The greatest

increases will likely occur in the developing world.

"It's clear there is an opportunity for Rotarians to help," says Larry Deeb, a physician and director of the Rotarians Creating Awareness of Diabetes Action Group. "Rotary has a unique way of engineering awareness, funds, and ground support to growing problems in the world. Our action group will bring visibility to the fight against diabetes."

The disease, characterized by a failure to regulate glucose, or blood sugar, can lead to serious health problems and even death. It occurs in two main forms: type 1, caused by a malfunction of the autoimmune system that compromises the ability of the pancreas to produce insulin, and type 2, often called adult onset, in which the body's ability to produce or use insulin is impaired.

The U.S. Centers for Disease Control and Prevention estimates that diabetes-related deaths will increase by more than 50 percent in the next 10 years without some kind of intervention.

With 44 members, the action group's initial service goals include addressing Type 1 diabetes.

**Bill Gates meets with business leaders in India**

**By Dan Nixon** – from *www.rotary.org*

A shared desire to protect the world's children from the ravages of polio brought Bill Gates Jr. and Rotarian business leaders together in New Delhi on 5 November. The meeting resulted in three major commitments to help fund Rotary's US\$100 Million Challenge.

"The worth of a person is measured not by what he possesses but what he gives," said Past RI President Rajendra K. Saboo in introducing Gates at the event, hosted by the India PolioPlus Committee and Rajashree Birla, a member of The Rotary Foundation's Arch C. Klumph Society. "The Gates family has proven this by committing their resources through the Bill & Melinda Gates Foundation toward global development and improving public health worldwide."

Gates spoke about his visit to India, where he observed polio surveillance, immunization, and outbreak response activities and met with health officials and experts to learn firsthand about the country's progress in ending the disease.

"The commitment from everyone involved is impressive, especially Rotary International, which has launched their worldwide program," said Gates, cochair of the Gates Foundation. "I am more than glad to be among you and share our vision of a polio-free world."

Birla, an honorary member of the Rotary clubs of Bombay and Mulund, Maharashtra, expressed her hope that India's business leaders would emulate Gates and help support polio eradication through their companies' social responsibility programs.

"We strongly believe that business and industry is uniquely positioned to contribute significantly towards polio eradication not only in India but across the world," said Birla, who contributed \$1 million to Rotary's challenge earlier this year. Then she added, "We in the Aditya Birla Group are pleased to commit an additional \$1 million today."
