Today's Speaker...

Master storyteller and fellow Rotarian Ron Bryant told the story of William "King" Solomon, the "town drunk" in Lexington in the early 1800s. Solomon was a hero during the cholera epidemic of 1833 when he buried scores of the dead. He never caught the disease because he only drank alcohol, not water. Although he was a true hero, it is ironic that he died of cholera in the 1854 epidemic when he drank the water in the poorhouse because alcohol was not allowed! Thank you Ron for a truly remarkable story. You are one of the state's all-time great storytellers. Here he stands with June program chair Rene Siria. Congratulations Rene on your retirement after 17 years and four months with Completely Kentucky!

UN secretary-general opens 100th convention

*By Arnold R. Grahl and Joseph Derr
Rotary International News – 21 June 2009*

At a special appearance at the opening plenary session of the 2009 RI Convention in Birmingham, England, on 21 June, United Nations Secretary-General Ban Ki-moon praised Rotarians for their work in advancing social justice.

Speaking to a packed hall, Ban called Rotary the heart and soul of the worldwide polio eradication effort and pledged the UN's continued cooperation and support.

"Rotary's vision of a polio-free world is in sharp focus," the secretary-general said. "I am with you in this campaign.

"Now is the time to finish the job. I call on global governments all around the world to help us," he continued. "Together, we can fulfill Rotary's vision and give future generations a polio-free world."

More than 14,900 attendees from 154 countries and geographical areas are convening in Birmingham for the 100th RI Convention. It is the second RI Convention for Birmingham, which hosted its first in 1984.

Ban's appearance demonstrates the close ties maintained by Rotary and the UN, which date back to 1945 when Rotarians helped draft the UN Charter. Ban said his appreciation for Rotary has deepened since he became secretary-general.

"I am deeply convinced the UN can continue to count on you to keep doing your part. One of the hallmarks of this new multinationalism is collaboration -- all partners must work together," he said. "And nothing will better convince the world that we can succeed than through completing the effort to eradicate polio."
