***Next Week's Speaker...***

**Dr. Michael Karpf** received both his undergraduate and medical degrees from the University of Pennsylvania. After an internship in Medicine at Johns Hopkins Hospital, he served as a Research Associate in the Laboratory of Immunology at the National Institutes of Health. He returned to the University of Pennsylvania to complete his medical residency, fellowship in Hematology and Oncology and a Chief Residency in Internal Medicine. In 1978, he went to the Miami Veteran Administration Hospital to start a Division of General Internal Medicine.

In October 2003, he was recruited to the University of Kentucky as the Executive Vice President for Health Affairs to integrate the clinical services. He is responsible for all clinical operations across the university hospital, medical center (including all schools and colleges), and practice organizations (Kentucky Medical Services Foundation and University Physicians Group Council). In his first year with UK HealthCare he has led the enterprise through a comprehensive planning review, which includes strategic, financial and capital planning processes to lay the foundation for the enterprise as it creates its vision for the future.

This planning process culminated in a 30-year vision for the replacement of both the clinical and academic campuses. The first phase, a \$450 million partial replacement of the hospital, has already been initiated. Construction on the College of Pharmacy building will begin this fall, and two additional research buildings and combined educational facilities serving all the health-related colleges are being planned. Clinical activity has increased approximately 30% over the last three years and research funding has also improved 45% in the same time.

**Thoughts and Prayers**

Please remember in your thoughts and prayers fellow Rotarian Lloyd Hillard. His mother passed away on Dec. 27.

The speaker for the day was **Merril Flanary** (above), an Ambassadorial Scholar to New Zealand. She spoke about the country of New Zealand, its people (the "Kiwis") and her experiences there. Although the living is hard, the Kiwis are tough and resilient people, and she enjoyed her time there and fell in love with the country and its people. Here she stands between program chair, **Wallace Kent**, and **Jim Richardson**.

Below, **Dean and Maureen Flanary** are the parents of today's speaker and were our Rotary guests.
