THIS WEEK'S PROGRAM

Gerald Pierce was the speaker today. He is Executive Director of the Center of Excellence for Quality at KSU. The Center promotes the production of Goods and Service that meet with total customer satisfaction. In manufacturing we have made the greatest gains in quality because of competition from abroad. In 1987 President Reagan created the Malcomb Baldrige National Quality Award. Companies considered it the most prestigious award. However, there are problems with the award from companies provided service.

It is difficult to define the quality of Service. There are a positive trends in the Service Industries: (a.) Banks are deeply involved in quality like the Farmers Bank, (b.) Health Companies are involved in offering patients better service. (c.) Education - there are not many states moving as fast as KY. The major concern is the emphasis on short term profits and instant gratification Today we are suffering from an excess from the 80's. Any one can increase profits with creative bookkeeping but this doesn't improve quality. We need to take a long term outlook. Have we improved the business to compete better in the future? We shouldn't ask merely if profit this year is better than last years profits. The center of Excellence for Quality has created the Kentucky Quality Award.

NEXT WEEK'S PROGRAM

Next week's speaker will be former Governor, Martha Lynn Collins. She will be speaking on Education.

FRANKFORT ROTARY CLUB BOARD MEETING

There will be a Board meeting on Monday August 19, 1991 at 5:30 p.m. at Pat Badgett's house. Located at 220 River Valley Road. All club members are welcome to attend.

THIS WEEK'S PROGRAM

A member of the Louisville Rotary Club, Edward Hessel, spoke about the Employer Committee to Support the Guard and Reserve.

Hessel is with the Department of Defense and said that 40 percent of the nation's defense forces are from the Reserve and Guard. The Committee encourages enthusiastic support of a strong Guard and Reserve by endorsing the formulation of personnel policies in the workplace to assure employees of full support of their membership in the Guard or Reserve.

The speaker said that those second-career people bring to their place of employment added benefits of training and the skills of organization and leadership.

We appreciate Mr. Hessel agreeing to speak to Rotary on such short notice.

DUES REMINDER

If you have not yet paid your dues please do ASAP since one month of the dues period has already past.

NEXT WEEK'S PROGRAM

Next week's speaker will be Phyllis Alexander, Head of the Kentucky Committee for Women.

Reservations have been made for 72 Rotarians and guest for October 22, 1991. There are 16 reservations left. See Ethel McCray, Denis King or Jim Lockett.

THIS WEEK'S PROGRAM

Joseph Leary was the speaker for today's Rotary program. He spoke about Taxes. Under the Kentucky Constitution the General Assembly has the power to classify property but rates within the class must be uniform. Property shall not be assessed intentionally at a higher or lower relative value than the property of another. The value of Real Estate in Franklin County has declined 17 percent. Farm property must be assessed as farm property. Under the courts decision it is unconstitutional under both State and Federal Constitution to assess One part of the City at one time and the other part at a later date. Franklin County has four assessment areas which Mr. Leary says are unconstitutional. He stated that people are to apathetic about tax increases and are to eager to pay and let it go at that. People aren't exercising their constitutional right. Mr. Leary closed his talk by stating you may loss but you loss in a noble call.

BOARD MEETING

The next Rotary Board meeting has been scheduled for 9-16-91 at Henry Leadingham's house from 5:15 p.m. to 7:00 p.m.

NEXT WEEK'S PROGRAM

Next week's speaker will be Dr. Ted Kochar. He will speak on why we need to teach Science in the schools.

THIS WEEK'S PROGRAM

Dr. Ted Kochar spoke about Genetic Engineering. DNA can be cut from different species and reinstated into organisms. Genetic Engineering came out of experiments on bacteria. Bacteria has one molecule of DNA. One can cut and splice enzymes. In the 60's & 70's we learned to page the genes. Enzymes can cut and splice DNA. The University has a DNA library which has a collection of DNA fragments. We clone DNA and make copies of the originals. Hormones can be produced by Genetic Engineering as follows:

- 1.) Insulin can be produced in mass.
- 2.) Growth hormones produced.
- 3.) TPA produced to dissolve blood clots and for heart attack victims.
- 4.) More milk produced by cows.

DNA probes are used in Crime Labs. Vaccines can be made pure and safe for experimental Hapititis B. Transgenic plants and animals have been produced. Furthermore gene therapy in humans is possible.

NEXT WEEK'S PROGRAM

Next week's speaker will be Phyllis Alexander, Executive Director on the Commission on Women.

GUEST OF ROTARIANS

Bert Smith	Don Nunnely
Tony Vezner	Kurt Vezner
Virgil Jones	John Chenault
Jack Johnson	Asa Tipton

DUES REMINDER ! ! ! !

If you have not yet paid your dues please do ASAP since two months of the dues period has already past.

PLEASE NOTE: receipts from Krogers are still being collected at our weekly meetings. Receipts totaling \$250,000 will buy a computer for PUSH. PUSH has collected enough receipts for one computer and are working on their second one.

ACTION TAKEN BY THE BOARD

The Board approved a 6 month leave for Joe Kelly, Bill Aitken and Bob Polsgrove.

RULES FOR MAKING UP - You can plan ahead for your makeups, or you can make up after you miss. It will count as a makeup for attendance missed if you attend a meeting six days prior to, on the same day, or six days following the day you miss. Just ask the secretary of that club for a card to bring back to your club. Don't let your attendance down!

LOOK

Think of someone that you can purpose for membership in Rotary.

THE FOUR-WAY TEST

- Of things we think, say or do
- 1) Is it the TRUTH?
 - 2) Is it FAIR to all concerned?
 - 3) Will it build GOOD WILL and BETTER FRIENDSHIP &
 - 4) Will it be BENEFICIAL to all concerned?
