Obtain your copy of the classification roster with cover sheet and help us make the representation in the community more complete. President Dave asks for your cooperation in his year as President. Chuck Willis is the overall Chairman of Membership, and Charlie Hinds is Chairman of the Classification Committee. We want a few good men and women.

THIS WEEK'S SPEAKER

Our speaker was Marietta Liau, Director-General for Taipei, in their Economic and Cultural Office in Atlanta, Georgia. She was part of a 5 member delegation to Kentucky. The first part of her talk was devoted to giving us a number of statistics on the international trade between her country and ours. We are their number 2 importer, with Japan being number 1. They import from Kentucky tobacco, electrical machinery, and fish, among other items. They are also doing a lot of exporting to the emerging Asian and Malaysian markets. Their businesses are highly developed, as is their business law.

LOVE AND FRIENDSHIP

*When the evening sky
is painted crimson by the setting sun,
and the birds all cease to twitter,
knowing the day is done -*

*this is when we like to ponder;
and forgetting worldly strife,
realize that love and friendship
are the greatest things in life.*

THOUGHT FOR THE DAY

We cannot direct the wind, but we can adjust our sails.

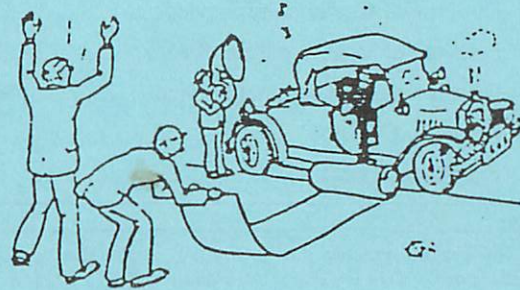

...Author Unknown

THIS WEEK'S SPEAKER

The speaker for the day was fellow Rotarian Steven Gale who presented a slide show on his trip to the country of Cameroon in March 1995. This country is located in West Africa just under the country of Nigeria. It has a population of about thirteen million and is 153,000 square miles which makes it slightly larger than California. There are no longer wild animals in this country because they have been killed off. Major products are oil, timber and tea.

CLUB ASSEMBLY
SEPTEMBER 25, 1996

THIS WEEK'S SPEAKER

The speaker for the day was Tom Webster, who is an entomologist at Kentucky State University who spoke about bee-keeping in the country of Ecuador. Kentucky is paired with one part of Ecuador and this is the most active partnership. Ecuador is free of internal strife as opposed to Colombia to the north and Peru to the south. It is also the number one exporter of bananas. There are three regions to Ecuador: the coastal region, the Andes mountains and the Amazon basin. Some ten million people live there on an area two and a half times the size of Kentucky. Tom heard about an interest in bees in Ecuador and in 1993 went to the Highlands region and in 1995 to the Amazon basin. He made numerous field trips to various bee-keeping operations in the countryside. Tom traveled around in the Amazon basin in a very large dug-out canoe. He put on a slide show which showed various aspects of bee-keeping operations including pollen traps.

FRANKFORT ROTARY CLUB BOARD MEETING

There will be a Board meeting on September 23, 1996 at 5:00 p.m. at the Frankfort Electric and Water Plant Board.

THIS WEEK'S SPEAKER

The speaker for the day was Jack Early, Rotary District Governor. On July 1, Rotary changed with the International President elected from Argentina. Nine new directors were elected, as were 515 District Governors and 28,018 club presidents. Governor Jack attended the 87th Rotary convention in Calgary where 154 nations were represented. He reminded the Club that only one man plus three others started a movement which would change the world for the better. The Rotary motto for 1996-97 is "Build the future with action and vision." Our attitude in life determines our altitude. The possible is always possible for him who believes. Rotarians must pass the torch to the new generation. He pointed to the example of W. Clement Stone who donated \$1 million to the Polio-Plus campaign to eradicate this disease from the world by the year 2000. Rotarians can make a difference and pass that torch.
