OUR THOUGHTS

WORTH REPEATING

"While our primary concern this year is on the need of the New Generations, we fully realize that their needs, particularly those of young children, are intrinsically tied to the needs of women."

-Celia Giay, chairperson, RI Women
in the Future Society
Committee-

SHARE ROTARY WITH A FRIEND.

CALL FOR EXHIBITORS

About the only thing you need not display at the Build the Future Club and District Projects Exhibition scheduled at the upcoming RI convention in Glasgow, Scotland is modesty. Like previous exhibitions, a wide range of ambitious and equally successful projects will be highlighted, providing plenty of inspiration and valuable information for the Rotarians and Rotaractors alike.

All Rotary clubs and districts, as well as Rotaract clubs with the approval of their sponsors, are invited to participate in the exhibition. Guidelines and application forms have been mailed to all Rotary and Rotaract clubs as well as to district governors and district Vocational Service, Community Service and World Community Service chairpersons.

OUR THOUGHTS

Our thoughts and prayers are with Bill Yount and Ethel McGrav in the loss of their brother on December 31, 1996.

Those Turks who do not have Ottoman ancestry are light and fair skinned. He stayed with seven different Turkish families. The cities are densely populated and street vendors were numerous.

Don't Miss Rotary If You Can't Make Up

JANUARY 15, 1997

RAFFLE: This week's raffle item was a \$25 Gift Certificate from the Kentucky Historic Society Gift Store. Donated by Don Armstrong. The winner was Taylor Davidson.

TOTAL RAFFLE COLLECTION: \$44.00

NEXT WEEK'S SPEAKER

Next week's speaker will be Dr. Desmond Layne. The topic will be "The Paw Paw; A potential new fruit crop for Kentucky farmers."

THOUGHT FOR THE DAY

Patience is the ability to keep your moter idling when you feel like stripping your gears.

THIS WEEK'S SPEAKER

The speaker for the day was Kay Harper of the Department of Environmental Protection. She spoke about "Empower Kentucky". The governor is driving this process. \$100 million has been devoted by the legislature for technology in state government. This will result in a \$50 million savings per year. They are looking at (1) How to change processes to make them better and (2) How to change technology in state government to make it better. There is much cooperation between the governor's office and cabinet and departmental heads. This means dealing with the people who do the job everyday. They are organized with teams in state government. Not all agencies are being looked at to change. They are looking at how to manage materials in state government more efficiently. The key is to communicate between the teams.

SCHOLARSHIP COMMITTEE

The Scholarship Committee will meet at 7:00 p.m., Thursday, January 23, 1997, in Clay Hulette's office at Kentucky State University. His office is in the Academic Services Building (A.S.B. 431) which is across the street from the Exum Building. Park in the lot behind the building (East Main St. will be on your left) and enter the door on that level.

Thank You,
Ed Speer, Chairperson

NEXT WEEK'S SPEAKER

**DON'T FORGET
ROTARY DUES
ARE DUE!**

THIS WEEK'S SPEAKER

Our speaker was Dr. Desmond Layne from KSU, who spoke on his research in developing the Paw-Paw tree into a new fruit cash crop. It is sometimes called the "Poor Man's Banana", and tastes like a combination of a banana, mango, and pineapple. The tree grows in a temperate climate, and is native to 26 eastern states. In hardwood forests, it grows as a bush, and patches can cover an acre or more. In sunlight, it grows as a tree. The Paw-Paw is the largest fruit native to North America. Desoto wrote about them in 1541, and Daniel Boone and Mark Twain wrote about them in later years. Last year, he fielded over 2,000 requests for information about his research, both from this country, and around the world. The hope is that the Paw-Paw can become a cash crop for Kentucky farmers. Purdue University is doing research on an anticancer drug, especially ovarian, prostate, and pancreatic cancers. It can also be used as an organic pesticide. Will this be the next Kiwi story?

ATTENDANCE COUNTS!

Let us begin the New Year with a resolution to attend Rotary meetings whenever in the city and Make-Up missed meetings when possible.

WHY BE A VOLUNTEER?

It's not for money, it's not for fame.
It's not for any personal gain.
It's not for love of fellow man.
It's just to lend a helping hand.
It's just to give a tithe of self,
That's something you can't buy with wealth.

It's not medals won with pride;
It's not that feeling deep inside.
It's that reward down in your heart;
It's feeling that you've done your part
Or helping others, far and near
that makes you be a volunteer.

NOTE CHANGE IN LUNCHES

Effective February 12, 1997 lunches will be \$8.00 and \$2.00 will be collected from those attending meeting but not eating.

THIS WEEK'S SPEAKER

Our speaker was Reed Polk, special assistant to the Chancellor of the U. K. Medical Center, and President-elect of the Lexington Rotary Club -- speaking to us about our Rotary Club. A definition of insanity is to keep on doing what you've always done, and expect different results. If you keep on seeing what your've always seen, doing what you've always done, going where you've always gone, etc., etc., etc., -- then you'll always be where you always are (you're in a rut). He asked us to bring our own unique direction, that the club is the center. Remember, "Life's greatest conversations are held in doorways." Be consistent in doing good things, so that when people think of our club, they think of our good deeds. Rotary is a "Service" organization, not an "Eating" club. Our challenge as we approach the year 2000 is to go to the edge, or we won't see the view for the people between us and the edge.
