**DON'T FORGET
ROTARY DUES
ARE DUE!**

THIS WEEK'S SPEAKER

Our speakers were Ken Bates, Natural Resources, and Susan Carson Lambert from GIS. In 1994, a 25 person Geographic Information Advisory Board was created (of which Steve Dooley is a member), to develop and coordinate statewide geographic information resources. They are now developing a Base Map as a common background for all future activities, as well as doing some pilot studies in the Kentucky River Basin. We saw some satellite photos with a resolution of 1"=200'. As they gather the date, they will be looking for practical uses, such as blinking billboards, as well as public domain data bases. Also showed entering a name, and getting a map of where that person lived. (The test name of a real Rotarian showed 2 locations -- still waiting for an explanation.) Another use, through satellites, is looking at weather conditions world wide in real-time (in Berlin the resolution is so good that you can see people). McDonalds is using the demogrphic datato find new locations (where lots of kids live). If questions, Ken can be reached at "batesk@nrpc.nr.state.ky.us", and Susan can be reached at "slambert@mail.state.ky.us".

MEMBERSHIP DEVELOPMENT

Did you know that only three exceptions are made to the general classification rule that only one individual may hold the unique classification of a major "recognized activity" of a "firm, company, or institution." These three exceptions are: News media, religion, and diplomatic service. For example, we have several ministers in our club, and we can have more.

THIS WEEK'S SPEAKER

Our speaker was Steve Lenarz, Commissioner of Tax Collections, Kentucky Revenue Cabinet. He talked to us about where his department has been -- and is going. There are three types of taxpayers: those who consistently and accurately comply; those who "try"; and those who simply don't -- and his department doesn't know in which type each of us fall, due to antiquated procedures (and computers). IRS estimates that 1 Of 20 Americans who should file a tax return -- don't. (Three people in the meeting?) To begin with, our tax laws are complex. They will be spending \$36.1 million to upgrade over the next several years, and expect \$449 million in increased collections over the next 8 years. A big priority will be the ability to call up immediately everything on file for a given TIN. Problems are that 1/6th of the tax dollars collected are checked and recorded manually; 50 computers systems that don't talk to each other; computer programs written in the 1960's; misplaced records; and multiple phone transfers (avg 4-5).

CONGRATULATIONS to those Rotarians who received their perfect attendance pins in MARCH 1997:

THOUGHT FOR THE DAY

No one can help everyone, but everyone can help someone.

WELCOME TO ROTARY

We welcome the two newest members to our club, Ann Dix Maenza and Jerry Bailey. Ann was introduced by Charlie Hinds and Polly Green. Her classification will be Additional Active/Publishing - Newspaper. Jerry was introduced by Barry Holder and Barry K. Holder, Jr. His classification will be State Government/ Budget Analyst.

We look forward to sharing Rotary fellowship and service with Ann and Jerry in the years to come.

**ROTARY FELLOWSHIP IS
OUR RESPONSIBILITY**

Do you remember when you were a new member in our club? Did you feel welcome when you attended your first meeting? Did you continue to feel welcome at subsequent meetings?

Rotary fellowship is key to member retention. New and not-so-new members alike must feel their membership and participation in our club are valued by each of their fellow Rotarians. A warm and friendly atmosphere at club meetings is no accident! It is created when each member takes responsibility for fellowship.

HAPPY EASTER

THIS WEEK'S SPEAKER

The speaker for the day was Andy Graves, president of the Hemp Growers Association. Hemp has been grown for 6-12 thousand years. The ancient Romans and Egyptians used it for clothes and building material. Hemp was grown in Kentucky in 1775 and Henry Clay, George Washington and Thomas Jefferson all grew hemp. It is not a drug crop although there is an illegal cousin to it. Hemp has many positive attributes. Hemp eliminates weeds and the plant has no known enemies among the pests. The seed has a high quality oil and cosmetics and clothes are made from it.

CONTRIBUTIONS

The following contributions have been made to the Frankfort Rotary Youth Fund.

- 1.) Ruth Leathers in memory of Ollie Leathers.
- 2.) Mr. and Mrs. Forest Skaggs in memory of Chuck Willis father.
