SPRING IS HERE!

One has only to look around to discover that the dead looking trees are now budding out. The color is showing up on the dogwood and the azaleas and the brown grass is recovering from the winter and growing in leaps and bounds and reminding us to put away the leaf rakes and get out the lawn mower. What a wonderful world we live in.

May our JUDEO-CHRISTIAN holidays remind us to give thanks for the renewal of beauty we often take for granted and wish for each other a very happy Easter and Passover.

THIS WEEK'S SPEAKER

The speaker for the day was Charles Goldstein who spoke on the subject of preservation. He states that he collects old historic buildings which are threatened by demolition. In the past buildings were over-built but today buildings are under-built. The new history museum is a good example of the latter. We use preservation to help people understand the past and in turn understand who we are as a people.

Some members feel that making up a missed meeting is a burden. But they're wrong. Making up at another club is an enjoyable and profitable experience. You can discover new ideas for club programs and projects, make new friends, and gain a better sense of what it means to be a part of Rotary's worldwide fellowship.

THIS WEEK'S SPEAKER

The speaker for the day was fellow Rotarians Richard Taylor, who spoke about the November 7, 1925 murder of the Kentucky Speaker of the House, Colonel Sharp, by a young lawyer named Jerobam Beachamp. Sharp was killed by a stab wound in the chest. The case received national attention. Edgar Allen Poe wrote a poem about it and Robert Penn Warren wrote a novel based on the murder call World Enough and Time. The best account of the murder was from Beachamp's own confession. Beachamp's wife was an accomplice. Although the wife committed suicide in jail Beachamp was hanged at the Franklin County Health Center from a tree that stands to this day.

Industry in Frankfort is not well represented. Consider the areas of automobile parts and accessories. The following are open classifications:

INDUSTRY/MANUFACTURING and the following subdivisions: Automobile Wheel Components, Industrial Finance, Air Brakes, and Metal Fabrication.

THIS WEEK'S SPEAKER

Our speaker was Jeff Worley of Lexington, a poet, and the Frankfort Arts Foundation Guest Artist for the April 26th literary reading at the Old Capitol. He is a winner of a creative writing grant from the National Endowment for the Arts. We had a choice of a program dedicated to the detailed analysis of poems written by obscure French poets in the middle ages, or a program about contemporary poems (sex). Guess which one we voted for. He then read a interesting poem considered "contemporary", although the poet died in 1962, because the poem was considered "experimental" when it was written in 1935, and is consistent with poems being written today-- and then discussed the strategy of the poet in writing it. He then read a series of poems and quotes -- and commented on each one. I leave you with one final quote, that ended with "fit to be tied".

BOARD MEETING

There will be a Board meeting on April 28, 1997 at the Frankfort Electric and Water Plant Board Office at 5:00 p.m.

THIS WEEK'S SPEAKER

Our speakers were Don and Sylvia Coffey, musicians and teachers of Celtic music and dance, and traditions. Don specializes on keyboards, and Sylvia on rythm instruments. They live on a farm north of Graefenburg, raises Highland Cattle, and have 2 young bulls for sale. They played a number of duets for us, with Don on the hammered dulicmer, and Sylvia on the double bass viol. Don gave a brief history of the hammered dulcimer, including a quote from the book of Daniel in the King James Bible showing that the word "dulcimer" was in use in the early 1600's. The dulcimer came to this country from Scandinavia, following its origin in Central Europe, with the Hammered dulcimer coming into existence some 150 years ago.
