*Next Week's Speaker...*

**Cleaster Whitehurst-Mims** is an author and political activist who has dedicated her life to her family and public service for more than 40 years.

Cleaster founded the Marva Collins School in 1990, named after the Chicago educator who opened a classroom in her Chicago home in 1975 after the public school system failed her. The school started in the basement of a Silverton church with 43 students. In 1993, it moved to the former Cincinnati Hebrew Day School in Roselawn with an enrollment of 120 students. Today, the school has more than 200 students in grade pre-K through 8. Students are housed in two locations, Roselawn and Silverton.

Born on a peanut farm in Enterprise, Ala., Cleaster grew up in a strong, close-knit family and rural community. Her intellectually and morally simulating school and caring country church influenced her positive attitude and strong work ethic. After working as a secretary, Cleaster enrolled at Xavier University while raising her preschool-aged son, Kenneth Mims, now a medical doctor. With the longstanding support of her husband, Julius, she graduated cum laude with a degree in English and communication.

Cleaster taught in the Cincinnati Public

Schools system from 1970 - 1991. In 1991, she retired to accept the primary administrative position with the Marva Collins Preparatory School, a scion of Westside Preparatory School of Chicago. She also held the position of adjunct professor with Xavier University from 1976 until 1991. Upon retirement from CPS, she became a full-time professor.

**How the 4-Way Test Began**

It was back in 1932 that Rotarian Herbert J. Taylor of Chicago created the 4-Way Test to help guide his company, Club Aluminum. Taylor's company was rewarded by enthusiastic response from its customers, who appreciated the company's emphasis on high-quality, honest service.

When Herb Taylor served as president of RI in 1954-55 he offered Rotary the copyright to his 4-Way Test. The rest is history, as Rotarians everywhere carry the 4-Way Test into their professions and business pursuits.

"Today, more than ever," says RI International President Bhichai Rattail, "it is imperative that Rotarians serve as role models in their businesses and personal lives."

**Things You Should  
Know about Rotary**

The Regional Certification Commission for Poliomyelitis Eradication has announced that 51 nations in the World Health Organization's European region have been certified as polio-free. This includes a population of 860 million people.

Rotary International reports that this means Europe has not recorded a single case of indigenous polio in three consecutive years. There had been "imported" cases of polio in Bulgaria and Georgia that were contracted in India.

This means that Europe is now the third world region to be declared free of polio. The Americas were declared free in 1994 and the Western Pacific region in 2000. The Rotary Foundation has embarked upon a one-year campaign which seeks to raise \$85 million to achieve the worldwide eradication of polio by 2005.

Since 1985 Rotary worldwide has contributed more than \$18 million to the eradication of polio in Europe and a total of \$493 million worldwide.

***Next Week's Speaker...***

**Roger Newell, District Governor 2002-03**

Roger Newell is a native of Charlotte, North Carolina where he had his first contact with Rotary International while still in high school in 1955. He attended Duke University and left Duke to pursue a career in professional baseball with the Washington Senators organization in 1959. He served three years and six months in the United States Air Force during the Vietnam Era and was based at Royal Air Force Base Kirknewton, Kirknewton, Scotland. After his military stint, Roger served in the United Methodist church for 30 years. He has 29 years experience in Rotary International. He is married to Beverly Judd of Louisville and they have five adult children and three grandchildren. Presently, Roger and Beverly reside in the Middletown area of Jefferson County.

**SEED THOUGHTS:** As Beverly and I are traveling our District, we are not only meeting some very wonderful people, but we are excited about the many avenues of service of which we are learning. The timeless principles of Rotary are certainly in some very capable and trustworthy hands. As we continue to "Sow the Seed of Love" throughout our world community, let us

each rededicate ourselves to service above self realizing that we were born free Americans and let us never fail to put something back into the stew pot of civilization to that those who are coming after us will have the same opportunities that we enjoy." Promises to keep and miles to go before I sleep."

**Board of Directors Meeting**

The Monthly board meeting will be Monday, October 21st at 5:15 p.m. at the RB Brown Building on Louisville Rd.

**This Week's Speaker...**

The speaker for the day was Colonel Ron Ray. He spoke on the History Restoration Project and how we Americans have lost our sense of history. A recent court case in California said that the Pledge of Allegiance is unconstitutional because in 1954 the words "under God" were added. However, the documents upon which this country was founded are filled with references to God and prayer. We are ignorant of history and the constitution. How does this happen, when we are throwing so much money into education? He cited quotes from various American leaders such as George Washington and Thomas Jefferson to Richard Nixon. The principles of Christianity are inherent in our founding principles and if we do not have the capacity for self-government we will be ruled by tyrants. What we teach in the classrooms today will be the government of tomorrow. We cannot separate the role of Christianity in the founding of this country. Kentucky leads the way in this nation in (1) outlawing the censorship of history; (2) emphasis on the founding documents; (3) public awareness of true history vs. social studies substitutes. Thank you, Tyler West, for very interesting October programs.

**This Week's Speaker...**

On October 16, District Governor Roger Newell gave an inspirational talk to members of the Frankfort Rotary Club. Newell, a native of North Carolina, attended Duke University, had a career in professional baseball, and served in the United States Air Force. He also served in the United Methodist Church for thirty years. For twenty-nine years he has been a part of Rotary. He is married, and he and his wife Beverly have five adult children and three grandchildren. The Newells live in the Middletown area of Jefferson County.

In his remarks to Frankfort Rotarians, Newell told of his dedication to ending polio. With the passion of a minister he encouraged Rotarians to follow our motto of "service above self." By doing so individuals may accomplish great things
