This Week's Speaker...

The speaker for the day was International Service Director Joyce Honaker, who spoke about the activities of the Frankfort Rotary Club in the International Service area. First, the UNICEF project raised enough money to purchase 550 doses of the polio vaccine. Second, our Sister Cities partnership with the Dominican Republic will expand the potable water project. Bill Miller is en route to our Sister City. Third, Marcie Jeffreys gave us an update on the

February 22 annual International Dinner at the country club, which will begin with a silent auction to raise money for international projects. The speaker will be the head of the Heifer Project, which helps people around the world to become self-sufficient. Fourth, Terry Magel will again be heading up the World View Conference sponsored by the UK Patterson School for International Diplomacy. Also a Rotary Youth Exchange is scheduled for 2007-2008. Fifth, Chris Richards is in charge of the Group Study Exchange, which will bring six team members from Germany over the Derby Day weekend. Host families are needed. The Sunrise Club is helping out with this effort. Sixth, Dean Sorg spoke about the Ambassadorial Scholarship, which makes \$23,000 available to each of three students for nine months of international study. This is a "people-to-people" exchange, open to persons with two years of college who are interested in studying overseas. March 7 is the deadline and 100% of your donation goes to the program. The scholarship covers transportation, books and room and board, and the student is adopted by the Rotarians in the host community. Finally, our Club is contributing to the Rotary Foundation, which furthers many worthwhile Rotary projects. Joyce then showed a video concerning the partnership Rotary has had with the United Nations since its inception in 1945. On November 4, 2006 she attended Rotary Day at the UN, which the Frankfort club was instrumental in starting. The focus was on the development goals for the 21st century. Those goals include literacy and combating diseases. An example of the former is a Colorado Rotary club starting a school in South America and the Safe Blood program in Africa. The next Rotary Day at the UN program is set for November 3, 2007 and Frankfort Rotarians are encouraged to attend.

This Week's Speaker...

The speaker for the day was John D. Stempel, Senior Professor at the University of Kentucky Patterson School of Diplomacy and International Commerce, who spoke about the state of the world and how things are going generally in the Middle East and elsewhere. He stated that we are in for major problems in Iraq whether we stay or leave. What we are seeing in the world today is a rapid decentralization of power with America becoming less relevant. First, as to energy, we will continue to be faced with growing demands, with the price of fuel going upward. On the international scene, we must be focused on diplomacy while domestically focusing on finding another way with alternative sources. The Internet is becoming an increasingly powerful tool with small groups with different goals driving policy. By our obsession with Iraq, we have slighted other important areas like Latin America. The free market economies developed there in the nine-

ties are now being challenged. Great Britain and France will soon have new leadership, which will make these and other countries more difficult to deal with. Except for North Korea, we have not focused adequately on Asia and Southeast Asia. For example, China is building a blue water (worldwide) navy that will challenge America's interests in many parts of the world. On the positive side, it looks like there may be a breakthrough with North Korea's nuclear development, but this did not work over a decade ago. Focusing on the Middle East, to create a stable democracy there we must maintain a federalized Iraq and resolve the sectarian violence. Unfortunately, he believes that Iraq is Vietnam all over again where a Vietnam-like withdrawal could create disastrous consequences for the region and the world. One nightmare scenario would be that the Iraqis flip and take thousands of American soldiers hostage. Although, the president is holding the course for now, he is being challenged by Congress. Attacking Iran is not a viable option, although there are those in the administration that seem to be advocating this. It is a mistake to isolate our enemies and the potential for a clash needs to be defused. For example, America should investigate reopening an embassy in Tehran. America is popular among most Iranian citizens and we do not want to jeopardize that. As to Afghanistan, the violence is increasing with the Taliban taking more control in the eastern part of the country. Finally, Dr. Stempel addressed the Palestinian/Israeli conflict. The peace process has been set back here with the recent civil war which was worse than the election of Hamas to the government. Iran and Syria have been introducing weapons into the region. There are opportunities for the United States here as well as dangers and America must not remain on the sidelines in this conflict. Ethiopia saved us from a terrorist takeover of Somalia but Darfur has been neglected. On the positive side, Rumsfeld and Bolton are gone but there

Today's speaker John D. Stempel takes a few minutes to visit with Frankfort Rotary Club members.

is a need for a suitable strategy for Iraq, Iran, and Afghanistan. For solutions, Dr. Stempel called for a gradual reduction of American forces in Iraq. As to terrorism, the vast majority of the Muslim world wants peace, but we need a strategy to deal with the radicals. In honor of Dr. Stempel's talk, a book entitled "Hidden Iran" was donated to the Kentucky State University library.

Wednesday March 7 at our regular scheduled meeting 11:45 CPH (Capital Plaza Hotel)

The purpose of the Fire Side Chats is to provide member input into those issues and concerns facing the Club. President-elect Steve Dooley and the Board of Directors will use the results to guide their planning for the next year. A discussion agenda will be presented at the sessions and facilitator RB Brown will guide us through our discussions. Thanks for a Job Well Done!

Thank you, Director of International Service Joyce Honaker, Dinner Chair Marcie Jeffreys, and International Dinner Committee members for a very successful International Dinner. The program about Heifer International was nothing short of inspiring. And those table centerpieces, featuring small heifers with Rotary emblems around their necks, were yet another example of the creativity of Nancy Edwards. A big thank you to all who helped make this a memorable evening.

This Week's Speaker...

The speaker for the day was Ronnie Dunn, International President of the Optimist Club. She stated that her theme for the year is bringing hope and a positive vision to bring the very best to the children of the world. She briefly described how she got involved in the Optimists and stated that Dr. Harry Cowherd first took her to a meet-

ing back in 1988. He encouraged her to run for offices and she became the governor at the district level. As part of her duties as International President, she travels widely and encourages Optimist Clubs to grow and recruit new and young members. The Optimists have 53 districts in 37 countries. It is the fourth largest civic club behind Rotary, Kiwanis and Lions. Her goal is to help kids dreams come true. Presently, the major focus of the Optimists is attacking childhood cancer. Ronnie and her husband, Wayne, worked on and rode on the Optimist float in Pasadena and she met at a breakfast with international presidents of the other three major clubs. She met Bill Boyd, the Rotary International President from New Zealand. She found that all four organizations have similar problems and issues, including aging and declining memberships. All four clubs need to attract new members and all agree on the need to expand leadership training. She has seen the Rotary strategic plan and it dovetails with that of the Optimists. All clubs need to work together at the club and international levels and these issues were also discussed in her meeting with the Big Four. She wishes that all civic clubs in Frankfort would work together for the children in the community. On the international level, the clubs need to work together to combat HIV AIDS. Everywhere she goes she talks about mentoring and the needs of children. She told the Starfish story about saving them one at a time by throwing them back into the sea and analogized that we can do the same for children in the community who do not have hope. We can make a difference in their lives. Ronnie's presidential theme is "Love" and this is what motivates her. She seeks to make the world better through service to others. Ronnie ended her talk by expressing her wish that we can move forward on the international and local levels with love, hope, and optimism. In honor of Ronnie's talk, the book entitled "B is for Bluegrass" was donated to the Peaks Mill School.
