Next Week's Speaker...

Tommy Z. Haynes is serving his first term on the City Commission. He is married to Marilyn

Haynes and they have four children. Tommy believes in faith, family, and the future. He earned his Bachelor's degree in Health, Physical Education, and Recreation from Middle Tennessee State University, his Masters degree in Education Administration with an emphasis in Counseling from Long Island University, and is a graduate of the U.S. Army Command and General Staff Leadership College.

He retired from the U.S. Army, State Government, and from athletics after a successful career as an athlete, coach, administrator, and official. He has extensive leadership, budget, human resource, and total quality management training. He is a people person and specifically enjoys interacting with youth and senior citizens. He believes that any successful decisions are based on information, planning, and preparation prior to implementation. He has used this as the bases for his successes.

He believes God has called him to be a

public servant and doesn't mind sharing his experience with others. Being a community servant leader has been his goal since he's been in Frankfort. He knows that people don't care how much you know; until they know how much you care. Tommy believes informing and educating the community about the issues and allowing them to participate in the process will build teamwork, a more acceptable vision of the city, and a more prosperous environment. Building on the foundation of Frankfort's history is critical. Bridging the gap between Frankfort and Kentucky State University is a must, working with stakeholders in downtown Frankfort is critical, and improving the working relationships between the city employees and employers are crucial. He's not naïve – the stakes are high and the new economy is real, but he believes the people of Frankfort will unify and strive for a common goal. He believes we have a wonderful city. It is his intention to do all that he can to preserve, protect, and improve our quality of life.

Rotary Helps Typhoon Victims

From Rotary.org

Rotary clubs around the world are pledging emergency aid to communities in central Philippines after the recent massive typhoon flattened entire coastal towns and villages, killed thousands of people, and displaced nearly 600,000 more. The situation remains dire as widespread destruction has made food, water, and medicine scarce in remote areas affected by Typhoon Haiyan, the strongest storm to make landfall on record.

Rotary President Ron Burton is urging our 34,000 clubs worldwide to continue to assist storm victims. "I know we all want to help. I am urging our clubs to take action to provide emergency aid now and begin planning for the future when we can help rebuild homes, schools, and businesses," says Burton. "We are in the business of helping people in need."

Rotary partner ShelterBox has committed aid for 4,000 families in the form of emergency shelter and other relief assistance.

Such disasters are "exactly why we entered into our partnership with ShelterBox," says Burton. "It gives Rotary members worldwide the opportunity to respond immediately and in a very meaningful way to the life-threatening conditions faced by the people of the Philippines."

For nearly 100 years, Rotary clubs in the Philippines have been creating positive change in their communities. The first Philippine Rotary club was formed in Manila in 1919. Today, more than 800 Rotary clubs throughout the Philippines give members the chance to make a difference at home and around the globe.

Clubs in Rotary District 3860, which covers the area that sustained the most damage, created a relief fund for victims. You can also help by working with relief agencies like the International Committee of the Red Cross and Philippine Red Cross; the World Food Programme; UNICEF, Philippines; and ShelterBox.
