Rotary bringing the world to Atlanta in June

From www.rotary.org

Rotary's 108th annual international convention June 10-14 is expected to attract 40,000 Rotary club members from over 160 countries, and will inject an estimated \$52.3 million into Atlanta's economy.

Often described as a "mini-United Nations," Rotary's third convention in Atlanta will transform the Georgia World Congress Center into a cultural kaleidoscope as the organization's global network of volunteers gather to exchange ideas on how to improve lives and bring positive, lasting change to communities around the world.

Registrants will engage in workshops and hear from a lineup of world-class speakers,

including **Bill Gates**, co-chair of the Bill & Melinda Gates Foundation. The Gates Foundation and Rotary International have an ongoing match of 2:1 to support polio eradication efforts up to \$35 million a year. Today in Bill and Melinda Gates' Annual Letter they reaffirmed the important role Rotary has played in polio eradication.

"Rotary and the Bill & Melinda Gates Foundation have been working together on polio eradication for a long time, and our strong partnership will continue through the final years of the effort," said Rotary International President John Germ. "With the most effective resources in place, it's possible that we will soon see the last case of polio in history. At the convention, Bill will say more about how we can — and will — end polio."

Organized by Rotary International in conjunction with the Atlanta Host Organizing Committee of local Rotary members, registrants of the convention will also get to experience Atlanta's southern charm with visits to the World of Coca-Cola, the College Football Hall of Fame and an Atlanta Braves game.

"The Rotary International Convention provides an exceptional opportunity to bring together more than 40,000 civic and business community leaders from throughout the world to Atlanta to enjoy our unique brand of southern hospitality," said William Pate, president and CEO of the Atlanta Convention and Visitors Bureau. "The addition of Microsoft founder Bill Gates as a keynote speaker reflects the importance and good work that Rotary does worldwide."

The global eradication of polio has been Rotary's top priority since 1985. Through the Global Polio Eradication Initiative — a public-private partnership that includes Rotary, the Bill & Melinda Gates Foundation, the U.S. Centers for Disease Control and Prevention (CDC), the World Health Organization (WHO) and the United Nations Children's Fund (UNICEF) — the incidence of polio has plummeted by more than 99.9 percent, from about 350,000 cases a year in 1988 to just 37 confirmed in 2016. Rotary, including matching funds from the Gates Foundation, has donated \$1.6 billion to polio eradication.

Atlanta's first Rotary convention took place 100 years ago, when The Rotary Foundation was established with its first contribution of \$26.50. The Rotary Foundation's assets have grown to approximately \$1 billion, and more than \$3 billion have been spent on projects and scholarships that promote peace, fight disease, provide clean water, support education, save mothers and children, and grow local economies.
