families work hard to correct the concerns that caused the child(ren) to be removed. When this process cannot be accomplished, she and her team help foster/adoptive families provide a permanent home for these children. Carolyn believes that being a foster parent is one of the hardest jobs there is. Foster parents are asked to love children as if they were their own, provide for them, comfort them and model for the parent's and families of these children to help them go home successfully. Often time families come into this with the goal of adopting a child and filling their own homes with the joys that children bring; however accomplishing this through this system means that families are

separated and kids often times lose the family they are born to at the same time as they gain a family. This is difficult regardless of the age of the child! Carolyn and her team work hard to find families who are willing and able to help the children in Kentucky find a safe home.

Ms. Overall and Ms. Kelly Dorman will present information and discuss the need for foster/adoptive homes specifically in the Salt River Service Region, including Franklin County. If you or anyone you know is capable of providing a safe temporary home for children ages 0-21 please call 1-888-698-2221.
