ROTARY CLUB
OF
FRANKFORT, KENTUCKY
DISTRICT 6710 • CLUB NO. 3717 • ORGANIZED DECEMBER 1922

Service Above Self

VOL. NO. XLVII

ISSUE NO. 1

January 5, 2022

Next Week's Meeting...

Nadine Cox, a 50-year Frankfort resident originally from Port Royal in Henry County, comes to us from Shelbyville. She and husband, Larry downsized three years ago and moved closer to their son who takes being an only child very seriously. Her career was spent mostly in state government, first as a programmer/analyst; she then became a CPA and later resumed serving the state as financial analyst.

Cox

Upon retirement, she reconnected with a high school friend (an avid and prolific quilter), leading her to take-up quilting about 12 years ago. At that time, she joined a local quilting guild, and the Kentucky Heritage Quilt Society. She does not consider herself a good quilter nor an artist as so many quilters are, but she enjoys creating, and gives away most of her creations. Nadine is thankful to have this hobby and skill and credits it for maintaining her sanity during the pandemic.

A Brief History of KHQS

In 1981, quilt lovers, quiltmakers and quilt collectors joined together to form the Kentucky Heritage Quilt Society, the first statewide organization to be concerned with all aspects of quilt making throughout Kentucky. KHQS now has more than 400 members and two affiliate guilds: The Kentucky Heritage Appliqué Society, devoted to promoting the techniques, appreciation and preservation of hand and machine appliqué; and the Quilt Artists of Kentucky, devoted to promoting innovative quilt making techniques and the quilt as an art form. The Society has an annual meeting called Getaway, Quilting Adventures with a nationally known art quilting teacher, Spring and Fall Retreats, Quilting Classes, Sit and Sews, and Quilt Registries. Message from Pres. Diane....

We are now scheduling programs for 2022. Please contact Gary Stratton at gary.stratton@kysu.edu with your ideas and/or to sponsor a program for an upcoming meeting.

A Message from RI President Shekhar Mehta

“One of Rotary’s founding principles was to use your vocation – whether as a doctor, lawyer, engineer, or another profession – to do good in the world. As we attempt to overcome and recover from the pandemic, this principle is vital in retraining people who have lost their jobs. In response, the Rotary E-Club of Tamar Hong Kong organized seminars for young people, with the aim of preparing them for the changing world of work.

“This type of training must happen on a large scale. According to the United Nations, global unemployment is expected to exceed 200 million people in 2022. Women and youths are likely to be disproportionately affected.

“This is why I’ve placed such a strong emphasis this year on projects that empower girls, and I’ve been delighted to see some of these projects in action. Of course, access to education and the path to employment can be blocked by a lack of water and sanitation infrastructure.

“A project in Pune, India, focuses on providing girls and women with an affordable, reusable sanitary pad. The project provides employment for production and distribution of the pads, and it will reduce the pollution caused by the disposal of 12.3 billion sanitary napkins in the country annually, many of which end up in India’s landfills.

“Others have used vocational service to advance the empowerment of women. The Rotary Club of Poona, India, conducted workshops to teach martial arts to young women, for self-defense against the threat of abuse or human trafficking.

Happy Birthday!

Happy birthday to fellow Rotarians Bob Bullock, Teresa Hockensmith, Barry Holder, Mark Kopp, John Loyd, Sam Marcus, Brenda Rice, Jim Terrell, and Lee Troutwine, who celebrate their birthdays in January.

“I’ve also been fortunate to use my vocation to do good through Rotary. The Indian Ocean tsunami in 2004 devastated the Andaman and Nicobar Islands, which are part of my district. Thousands of homes were destroyed, and many areas lost electricity and running water. On my visit to Little Andaman Island, the builder in me immediately wanted to build homes for the homeless islanders there. We decided to construct 500 homes on Little Andaman.

“On the last of my seven trips to the island, I could see something glimmering below as my helicopter was about to land. I realized that what I was seeing were the roofs of new homes. I was overjoyed by the sight, and soon a realization dawned upon me. As a builder I had built many beautiful buildings. In comparison, these 500 homes were the most ordinary buildings I had ever built, and they were in a place I likely will never visit again, for people I will never meet again. And yet the satisfaction I had in handing over these houses was greater than from anything I had previously built. Probably because for once I was using my vocation to *Serve to Change Lives*.

“You, too, may have had opportunities to use your vocation to *Serve to Change Lives*. I welcome your stories of performing vocational service through Rotary. Also, I want to close by congratulating every club that has engaged with the Each One, Bring One initiative, which asks every member to introduce one person to Rotary. Increasing our membership gives people from all walks of life the opportunity to share their knowledge and skills in transformational service.”
